

**Leslie White** is a Scientific Illustrator for the IPCC Working Group II Technical Support Unit. She produces graphics for the WGII contribution to the 2014 IPCC Fifth Assessment Report. Before taking up this position, she worked on several projects for the Stanford School of Medicine, including a 3D model of the human head containing 250 anatomical structures and a 2D map of the Human Metabolic pathway. One of her 3D animations was featured in a National Geographic documentary that aired on PBS during the fall of 2013. Leslie has an M.S. in Biomedical Visualization from the University of Illinois at Chicago and a B.F.A. in Art from the University of Iowa. She has a passion for art and science and loves exploring where the two intersect.
